

Dear Mr. Coffey,

Your ~~spee~~ speech and presentation was inspirational to me. I want to know so much more, it mayed me think about my own situation and how I should deal with it. Also I am interested with ~~of~~ your program no more stolen childhoods. I would like to join the program you founded right here in the Baltimore area. I've learned alot from you for just hearing you speak one time and understanding how you ~~came~~ came out of your situation which made me think of how I can be successful traveling my own path. Thank you for taking your time to come speak with us and God bless you.

Sincerely,

Karim
